

On the Jobsite

THE HAPPINESS OF A HABITAT MOVE IN

Move-in day is the best day on the Habitat jobsite and this month, 8 of our amazing families got to experience it! All of the Phase 10 homes were finished by the construction team with many helping hands. Gallegos generously donated the material and labor for stone countertops, that each family got to personally select for their home. This makes our Habitat house feel like home from the moment the key turns! Thank you, Gallegos! Additional thanks go to A-Phase Electric, who, in partnership with our regular electrical volunteers, got our homes trimmed out with lights, plugs, and switches in record time! We couldn't have done it without each and every construction partner, volunteer, and donor. Your generous support over the past year made these Habitat homes possible!

FOCUS ON PHASE 11

Electrical, Plumbing and Insulation Installed in B14

The first building of Phase 11 passed rough-in and insulation inspection this month making it ready for drywall. The MEP teams will be hard at work to continue roughing in the remaining buildings to stay on schedule. Our team will begin priming drywall and installing interior doors and trims in building 14 next month, once drywall has been completed. Landscaping on all buildings will also begin September including building fences and planting trees, shrubs, and sod.

September Volunteer Help Requests:

Technical:

- Finish (Trim) Carpentry
- Fence Install

Non-Technical:

- Landscaping (Minors Welcome!)
- Priming/Painting

HELLOS AND SEE YA LATER!

This month, Keara joined our team as an AmeriCorps volunteer from Long Island, NY. She hopes to be a small part in making a difference in our families' lives! In her free time, Keara likes to hike! We are excited to have her on our team!

We also said see you later to Jimena, our CareerWise apprentice, as she begins her journey as an undergraduate architecture major at CU Boulder. We will surely miss her positive attitude and hard work, but wish her the best on all of the great things she is bound to accomplish!
